SUMMARY

As a passionate Full-Stack Developer with a strong foundation in both front-end and back-end technologies, I am eager to contribute my skills to your dynamic team. My experience in building responsive web applications and optimizing user experiences aligns perfectly with your goals. I am excited about the opportunity to collaborate with innovative minds and drive impactful projects that enhance user engagement and satisfaction. Let's create something amazing together!

WORK EXPERIENCE

Full-Stack Developer, Picturespark   **Jan 2023 - Present**

- Architected & Implemented a multi-tenant SaaS application from the ground up using Next.js (React) on the frontend and Node.js (Express) on the backend, with PostgreSQL (Supabase) as a managed database and authentication layer.q
- Deployed on Vercel and AWS, configured CI/CD pipelines (GitHub Actions), environment-aware builds, automated testing suites, and performance monitoring (Datadog/New Relic) to guarantee 99.9% uptime and rapid iteration cycles.

Front End Developer, SoftyLines   **Mar 2022- Dec 2023**

- Developed responsive web applications that boosted user engagement by 30%
- Collaborated with cross-functional teams to deliver projects ahead of schedule
- Integrated third-party services, expanding functionality and user experience
- Led agile sprints, ensuring timely delivery of high-quality software

---

EDUCATION

Bachelor Degree in Computer Engineering   **2022- 2025**
Higher Institute of Informatics and Mathematics of Monastir

Computer Science baccalaureate degree   **2018 - 2022**
Ouerdanine High School
